

Webinar Announcement

Climate Change: Impacts on the Geo- and Biosphere

The California State University (CSU), Office of the Chancellor
Ministry of Science, Research and Arts Baden-Württemberg (MWK)

Friday, December 6, 2024

8:00 A.M. Pacific Standard Time

5:00 P.M. Germany Time

This one-hour Zoom webinar will focus on climate change impacts on the geo- and biosphere in an effort to facilitate future collaborations between scholars in California and Baden-Württemberg. Four scholars from each side will talk briefly about their current research. We encourage interested researchers to watch and initiate contact in areas of mutual interest.

PURPOSE

- Discover existing climate change-related research work.
- Identify potential collaborators for future projects.
- Build interdisciplinary research and multi-institution research teams for a global impact.
- Establish ongoing communication to prepare for upcoming funding opportunities.

Interested in Presenting?

Interested in Attending?

1. Contact Dr. Hermann Rügner and Nick Ebner
with your potential presentation topic:
hermann.ruegner@uni-tuebingen.de and
calsta.bwu@uni-tuebingen.de
